

THE LEV MONTHLY

The month has been nonstop. From powerful learning in the beit midrash to unforgettable trips, special events, and moments of real personal growth, life in the yeshiva has been moving fast!

Instead of sending smaller updates along the way, we decided it was time to slow down and share everything properly. We're excited to introduce our new monthly newsletter, where we'll capture the highlights, the memories, and the moments that make Lev Aharon so special.

This issue is a recap of everything you may have missed recently — and starting now, you can expect a fresh edition each month. Let's catch up.
