

THE LEV MONTHLY

This past month at Lev Aharon was filled with excitement and growth. The boys spent three incredible days in Eilat together with many of the rabbis, enjoying time to bond and experience the beauty of Eretz Yisrael. Even as the war with Iran began and created a more complicated atmosphere, the boys remained focused and committed to their learning schedules.

Purim brought tremendous simcha as the boys joined local rabbanim in their homes for festive meals and meaningful connections.

As the zman came to a close, the boys participated in a special siyum program with Rabbi Adam reviewing their learning about tefillah, followed by a powerful visit to the Kotel for their final class and an elegant celebratory dinner.

The month concluded with a beautiful end-of-zman banquet where the boys shared what they gained this year and thanked the rabbis who impacted them so deeply.

Until next time, we wish you all a Chag Kasher V'Sameach from the Rosh Yeshiva and the entire staff.
