

THE LEV MONTHLY

After a month away for Pesach, it was amazing to reunite with the boys and see how ready they are for real growth. This month had the perfect mix of ruchniut and gashmiyut, starting with an electric scooter ride through the Jerusalem hills followed by an HL steak lunch.

The excitement continued with a special Lag Ba'omer bonfire in Bet Shemesh, and on another day the boys enjoyed a next-level spa trip with jacuzzis, heated pools, a sauna, and a poolside BBQ. Later in the month, they headed to one of the best

go-karting tracks in Israel for full speed and plenty of laps.

But the Highlight of it all was our unforgettable Shabbaton in Tzfat, with water rafting, jeeping, and visits to some of the holiest places in the city.

Now the boys are preparing for Shavuot with a special panel with the Rabbis to understand the depth of the chag, leading into a full night of learning together with all the rabbis.

Until next time, we hope to share only good news!
